PERTUSSIS (‘WHOOPING COUGH’)

We have been informed by two of our school families, that each of them has had a family member diagnosed with whooping cough. Last Tuesday, a letter and information sheet regarding whooping cough was sent home with the eldest child in each family here at school. These documents were provided to us by the NSW Government’s Public Health Unit. If you did not receive these documents, or would like another copy, please contact the office.
